AgilityGuard™
Mouthwear
Types

AGILITYGUARD™

All AgilityGuard products are designed to provide maximum comfort, durability and customized fit. Available mouthwear designs include:

 Upper Protective (for Contact Sports)

 Lower (for Non-Contact & Fitness) - either Standard or Thin-Connector

the durable but thin connector does not impede tongue or speech (ex: popular with golfers)

Protection
Upper Mouthguard for Contact Sports

designed to provide maximum protection, performance and airflow

Fitness/Non-Contact (Thin Connector)
Lower Mouthguard with zero tongue/speech obstruction

the dentition detail allows for superior custom fit and "locking-in" of the optimized-bite position

Fitness/Non-Contact (Standard)
Lower Mouthguard for Fitness/Non-Contact Sports
